

Curriculum Vitae

POETSCH Frank

CURRENT POSITION

Name of company

ATM Project Manager

Job position

Flughafen München GmbH

PROFESSIONAL BACKGROUND

Frank Pötsch has 33 years experience in Airport Operation and Management, of which he spent 3 years as a consultant in Kuala Lumpur, Malaysia, to set-up a ground handling company for passenger handling, aircraft handling and aircraft maintenance. He also spent 2 ½ years in Athens, Greece, responsible for the operational readiness program and airport transfer from the Hellinikon site to the new site near Spata.

After his return in 2001, he became the General Manager for Operations & Contracts of the Munich Terminal 2 company, a joint venture of Munich Airport and Lufthansa. End of 2009 he changed to the SESAR project as the representative for Munich Airport in the SEAC consortium. After a few years as the chairman of the technical committee he became the chairman of the SEAC2020 supervisory committee.

Since 2019, he acts also as the coordinator for the SEAC2020 consortium.

EDUCATION AND TRAININGS:

Frank Pötsch holds a master's degree in Airport Planning and Management from Loughborough University in the United Kingdom

EXTRAS:

As a voluntary service Mr Pötsch is the founder and president of the "Aviation Friends Munich", a group of around 160 aviation enthusiasts who are mainly not employed in aviation.
