Transports

The ENAV ACC premises can be reached by car, taxi or train.

In details:

- **By Car:** take the city ring (Grande Raccordo Anulare , exit 23 direction Ciampino Airport). Progress on via Appia and when you reach the roundabout of the airport entrance come back on via Appia until you reach the ENAV ACC entrance just 500 meters after the roundabout on the right side.

IMPORTANT NOTE: Please be informed you will **not be allowed to park** your car **within the ACC fences**.

You can park your car in the **“Best Parking” parking** located in Via dei Laghi, 2, 00043 Ciampino RM (<https://www.bestparking.it/>).

To reach the venue facility from the **“Best Parking”** parking area you can use the parking free-shuttle bus service.

- **By taxi:** taxis from Rome centre to Ciampino Airport will have a fix rate of **30 euros** (*rate only applied for trip starting within the Mura Aureliane, in orange in the image below*). This fix rate is for the airport only, but being the ENAV ACC so near, you can negotiate with the driver to apply it. Costs by the taximeter will be more expensive.

A word of warning: do not try to walk from the Ciampino Airport to the ACC; even if the distance is quite short, via Appia is an extremely busy road and there is no proper footpath: DANGER!!!

- **By train:** a convenient way to reach the Rome ACC from downtown Rome is to take the train **from Roma Termini Railway Station to Ciampino Station**; it is a fast and inexpensive ride (15' min and 1.50 euro).

Once in Ciampino Railway station, you can get a taxi to ENAV ACC premises. Taxi fares from Ciampino Railway Station to Ciampino-ENAV ACC could range from 15 up to 20 Euro based on the number of pax/type of service.
